Messrs HT CONNECT GmbH & Co. KG
Norisstraße 4
D-91257 Pegnitz - Germany

ROHS - Directive 2011/65/UE on the restriction of the use of certain hazardous substances in electrical and electronic equipment

Reference items:

- Compression fittings with brass thread - Family codes: 1035 / 1036 / 1039

The Directive 2011/65/UE (and following amendments) states the maximum limits of concentration of certain hazardous substances in electrical and electronic equipment.

Although the items listed above and supplied to HT CONNECT GmbH & Co. KG are not directly used in such devices, with reference to the above-mentioned Directive, we kindly inform you as follows:

- **the insert made of brass exceeds the prescribed value of lead (please see the list of Annex II of the above-mentioned directive) which has a concentration variable from 1,3% to 2,5%;**
- the following substances are not added intentionally to the other components, not made of brass, of these items: Lead (Pb), Mercury (Hg), Cadmium (Cd), Hexavalent chromium (Cr6+), Polybrominated biphenyls (PBB), Polybrominated diphenyl ether (PBDE), Bis(2-ethylhexyl) phthalate (DEHP), Butyl benzyl phthalate (BBP), Dibutyl phthalate (DBP), Diisobutyl phthalate (DIBP). In fact, the above-mentioned substances are voluntarily added neither in the raw materials nor in the production process.

We declare to have received from all the involved suppliers a declaration stating their absence or their presence lower than the values stated in the list of Annex II of the above-mentioned Directive.

Renato Freddi
UNIDELTA S.p.A.
