To Whom it may Concern

We, Polypipe Italia s.r.l. as manufacturer of PVC-U fittings and valves herewith certify that the products bearing the Effast mark conform to the following conditions: Effast fittings and valves are manufactured from un-plasticised Polyvinyl Chloride without the use of plasticisers. Also the products of Polypipe Italia s.r.l. are European Union Directive 2015/863 (RoHS3) compliant and do not contain any substance of the « Candidate List », as published by ECHA dated on 17/07/2019, with an amount higher than 0.1%.

We would like to remember you that all the chemical products which are used by our company are only moulded together without changing their chemical structure; so regarding REACH, Polypipe Italia s.r.l. is not a producer or importer.

Dear customer we remember you that information about the eventually presence or concentration range regarding the substances can be reached on the Safety Data Sheet of the raw material that we use in compliance with European Directive 2001/58/EC and the Regulation (EC) N. 1907/2006 and subsequent updates.

Yours Faithfully

Roberto Dagnino
Quality Manager
